## Who is Jordan Thomas, Inc.?

---

Founded in 1984, Jordan Thomas, Inc. provides administration capabilities to manufacturers and financing partners worldwide. We manage transactions between *every entity you need* for the financing of even the largest solar power system.

## Solar Leasing with Jordan Thomas

---

A solar lease is the best option for your agricultural or commercial entity. Jordan Thomas leases are unique in the solar financing industry. Our investment partners give us the best rates, and we pass those on to your business. A solar lease allows you to own your own power production in ten years, and during the term of the lease, you only pay a fraction of the cost that you currently pay to your utility.

- 10-year initial term
- Fixed 20% purchase option in the tenth year
- Off-balance-sheet operating lease, meaning your existing credit lines will be unaffected
- Fixed escalator for the term
- Immunity to utility grid price increases based on system output
- Solar leasing is a good choice to fix an unknown in your expenses and also help our country and our planet
